The Deputy Commr, Ellore
No. O.C 243 & 20 526

Recommends sanction to the proposal of the Town M.C. of Channarayana to utilise a sum of Rs 5000/- from their closing balance for 1925-26 and that a sum of Rs 10,000/- from State funds for the purpose may be provided for during 1926-27

The general provision of providing funds in the State Budget for 1926-27, for improvements of Towns & Rural Councils' policies (including Channarayana) is pending consideration of the Govt. A sum of Rs 5000/- is proposed to be included in the consideration of the Govt. proposed to permit the M.C. to utilise Rs 5000/- during 1926-27 for the Town extension, as above, in accordance with the Revised Plan and estimate therefor, provided by the Deputy Commr of the District.

OR 46 After to capital administration 31/5/26 of final proposals. Only a sum of Rs 30000/- is provided in this year's provisional budget for improvements of Town & Rural Councils.

No O C 243/25-26 Rev

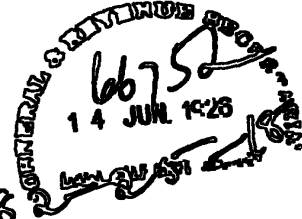

Office of the Deputy Commissioner,
Mysore District
Dated, Mysore, 8th June 1926

A. V. Narayanaiah, Esq. B.A.

Deputy Commissioner,

Mysore District

B. Nagappa, Esq. Bar-at-Law,

Secretary to the Government of Mysore,

Local & Legislative Departments,

Bangalore

In continuation of this office letter No O C 243/25-26 dated the 20th May 1926 in the matter of financing the scheme of Chamaraajanagar Town extension, I have the honor to forward herewith a resolution of the Council passed at their meeting held on 15-5-1926. It has been resolved that the Municipality is prepared to spend a sum of Rs 1000/- during the next year, instead of Rs 5000/- as originally proposed, as the Council would secure Rs 2000/- more ~~xxx~~, than in the current year by the sale of the right of collection of toll at the Municipal Toll Gates. The closing balance would then be Rs 9535/- The Council promises to find funds for the purpose from other sources also, if necessary.

2 As already recommended in my letters Nos H C 546/25-26 and O C 243/25-26 dated the 5th and 20th May respectively, a similar sum of Rs 10,000/- may be made available from the State Funds during the next year.

I have the honor to be,
Sir,

No. D2-119/A.C.

Office of the Deputy Commissioner,
Mysore District,
Dated Mysore, 14th September 1926.

A.V. Kamanathan, Esq., B.A.,
Deputy Commissioner, Mysore District

B. Nagappa, Esq., Bar-at-law,
Secretary to Government, of Mysore, Bangalore.
(Local and Legislative Departments)

Chamarajanagar Town Extension.

Sir,

In continuation of this office letter No. D2-119/A.C.

dated the 8th instant, on the above subject, I have the honor to submit herewith copy of resolution of the Municipal Council in the matter. It has been resolved that (1) the plan and estimates prepared by the Executive Engineer, Special Water Supply and Construction Division may be approved, (2) it is advantageous to provide pukka drains instead of earthen drains, (3) a sum of Rs. 10000/- may be sanctioned from the State Budget grant of this year for the purpose and that (4) sanction may be accorded for meeting half the cost of the scheme from the closing balance of the Municipality.

2. In submitting herewith the plan and estimates for the extension of Chamarajanagar, I beg to recommend that sanction of estimate may kindly be obtained, half the cost being met by the Municipality and the other half being given by Government as grant.

3. As regards the drainage scheme of the extension I have the honor to state that plans and estimates have just been received from the Executive Engineer, Special Water Supply and Construction Division and sent to the Municipal Council and their resolution thereon will be submitted separately.

4. The Municipality may kindly be authorized to lay out the extension as per the approved plan under the general guidance of the local Assistant Engineer, as the work of mere layout

lu

Report to accompany the estimate for the  of an
Extension at Chamarajanagar Town.

-+++++

Reference:- Mysore District Deputy Commissioner's
No. O.O.213/25-26 dated 10th April 1926.

-+++++

The town Chamarajanagar is an important centre of --
business in the district of Mysore and is the birth place of
His Highness the late Chamaraj Wodeyar. The town is expected
to grow more populated than at present, soon after the new rail
way communication from Nanjangud is opened to the public --
traffic. Although the present station at Chamarajanagar --
town is a terminus for the time being, yet there is likeli-
hood of continuing the railway line, as far as Satyamangalam,
on the Mysore frontier and further on to Erode Junction.
Hence the town has every chance for future development and --
expansion, and so the proposal for an extension is found to
be a bare necessity, and is designed so as to suit the future
requirements of the people.

The proposed layout is situated to the east of exist-
ing town sloping towards north and east. It is surrounded on
all sides by main roads with avenue trees on the sides. Free
access has been given from the interior of the layout, to --
reach the important road junctions leading to Hassanur Ghat,
Gundalpet, and T. Narasipur. The soil is gravel mixed up --
with red earth and is free from dampness.

The area of the extension for building purposes is
97.73 acres and furnishes about 304 sites, varying sizes from
40' x 75' to 80' x 70'. Parks and recreation grounds are --
about 11.75 acres. To suit the conveniences of the poor and
rich, the sites are made of various sizes. The houses and --
cottages face the roads and the back yards are towards con-

servancy

2.

19

lanes The roads and conservancy lanes run due north and south in parallel lines with cross roads East and West. The width of roads are of 40' , 30' and 25' and that of conservancy lanes to one uniform width of 15' In the plan all the roads and conservancy lanes are numbered serially in Vermillion colour (Vide blue print No 432) The total length of roads in this layout comes to about 6 miles and that of conservancy lanes 3 miles

Earth cutting for an average depth of 9" has been provided in the estimate for roads and conservancy lanes including -- earthen drain for the sides A lump sum of Rs 200/- has been provided for removing prickly pears, site stones measuring 3" x 6" x 15" for demarcating sites on all the 4 corners of the sites are also provided

The total cost of laying out of the extension is apportioned under following heads -

	Rs
1 Clearing sites and removing prickly pears L S	200
2 Laying out extension as per plan including ranging lines, demarcating roads and conservancy lanes	195
3 Laying out Parks and Roads	1
4 Providing and fixing site stones	195
5 Cutting and grading roads	5,760
6. Picking, gravelling, forming and consolidating	6,720

Contingencies at 5 per cent	13,095
	635

Tools and Plant and Establishment charges at 18 per cent	13,718
	2,475

Total Rs	16,223
	=====

The estimate is for the whole scheme of layout The Municipality need not end the whole sum at once, but they may go on year by year taking such portions as are taken up for habitation. The whole extension will not be occupied all at once

20

It will take some years before every site is sold and built upon. The scheme therefore, may be spread out for a number of years say for 5 to 8 years spending about 2,000/- Rupees or 3,000/- rupees a year.

Executive Engineer,
Spl. W. S. Constn Division

Report to accompany the estimate for the layout of an extension at Chamarajanagar Town.

-++++-

**Reference:- Mysore District Deputy Commissioner's
No. O.C.213/25-26 dated 10th April 1926.**

-++++-

The town Chamarajanagar is an important centre of business in the district of Mysore and is the birth place of His Highness the late Chamaraj Wodeyar. The town is expected to grow more populous than at present, soon after the new railway communication from Hanjangudi is opened to the public traffic. Although the present station at Chamarajanagar town is a terminus for the time being, yet there is likelihood of continuing the railway line, as far as Satyamangalam, on the Mysore frontier and further on to Erode Junction. Hence the town has every chance for future development and expansion, and so the proposal for an extension is found to be a bare necessity, and is designed so as to suit the future requirements of the people.

The proposed layout is situated to the east of existing town sloping towards north and east. It is surrounded on all sides by main roads with avenue trees on the sides. Free access has been given from the interior of the layout, to reach the important road junctions leading to Hassanur Ghat, Gundalpet, and T. Narasipur. The soil is gravel mixed up with red earth and is free from dampness.

The area of the extension for building purposes is 97.53 acres and furnishes about 504 sites, varying sizes from 40' x 75' to 50' x 70'. Parks and recreation grounds are about 11.75 acres. To suit the conveniences of the poor and rich the sites are made of various sizes. The houses and cottages face the roads and the back yards are towards con-

S. V. V. V.

lanes. The roads and conservancy lanes run due north and south in parallel lines with cross roads East and West. The width of roads are of 40' , 30' and 25' and that of conservancy lanes to one uniform width of 15'. In the plan all the roads and conservancy lanes are numbered serially in Vermillion colour (Vide blueprint No.452). The total length of roads in this layout comes to about 6 miles and that of conservancy lanes 3 miles.

Earth cutting for an average depth of 9" has been provided in the estimate for roads and conservancy lanes including -- earthen drain for the sides. A lump sum of Rs. 200/- has been provided for removing prickly pears, site stones measuring 3" x 6" x 15" for demarcating sites on all the 4 corners of the sites are also provided.

The total cost of laying out of the Extension is apportioned under following heads:-

	Rs.
1. Clearing sites and removing prickly pears. L.S.	200
2. Laying out extension as per plan including ranging lines, demarcating roads and conservancy lanes. ...	195
3. Laying out Parks and Roads...	12
4. Providing and fixing site stones. ..	195
5. Cutting and grading roads . .	5,760
6. Picking, gravelling, forming and consolidating	6,732
	13,025
Contingencies at 5 per cent ...	655
	13,743
Tools and Plant and Establishment charges at 15 per cent. . .	2,475
Total Rs. ...	16,218

The estimate is for the whole scheme of layout. The Municipality need not spend the whole sum at once, but they may go on year by year taking such portions as are taken up for -- habitation. The whole extension will not be occupied all at once.

5.

VB

It will take some years before every site is sold and built upon. The scheme therefore may be spread out for a number of years say for 5 to 8 years spending about 2,000/- Rupees or 3,000/- rupees, a year.
